### Local Accommodation

Please help us to keep the local accommodation dog friendly – dogs in rooms – where they are allowed please make sure you take every care to keep the room clean and undamaged and report any accidents to the management.

Dogs should NEVER be left unattended in rooms; even normally well-behaved dogs can become stressed and behave differently in strange surroundings. Preferably use a travel cage/crate or leave your dog in your car where he is used to being until you can accompany him in the room.

Keep your dogs off any furniture and clean paws and coat prior to entry.

While we have tried to find info – please check for yourself that the accommodation you are booking will suit your needs.
